## at Aztec.

All preparations for the Big Celebration at Aztec tomorrow, July 4th, have been completed. With the early morulog's dawn the salute which will open the pleasures of the day, will be fired on | Main Street. The flag of our great nation will be raised at sourise that the first rays may rush to embrace each stripe and kiss each star.

At 9 o'clock the grand parade will start from Main Street and drive over the entire city and at 9:30 will proceed to the grove.

Marshal of the day will lead the coldrawn by four beautiful white horses. will occupy the float. The Aztec Band will occupy the next carriage. The Ball Boys will warch their invincible column next. Carriages filled with orators of the day, horseman and wagons follow-

Upon arrival at the grounds the following program will be rendered: 10 a, m ... ..... Music, String Band. Address ..... Judge Pendleton Music ..... Band. Reading ...... Gentry Prewitt. Music......Band.

Flag Drill......Sixteen young ladies. Dinner will then be served, after which the sports will begin, consisting of the following: 100 yard foot race, 1st \$5, 2d, entrance

Potato race, horse back, free for all, \$10 14 mile horse race, 1st 825, 2d entrance

Chicken Pulling (money in) 85, 50 yard foot race, 1st \$5, 24 entrance

5 mile relay race, 1st \$50, 2d entrance

Ball Game, no entrance fee, pursa \$50. About \$25 will be given away to the little folks in various contests.

James Baker will be prepared to fur nish all with cold drinks and eatables at his stand on the grounds,

Patriotism is the key-note of the day. No county in this great, great Territory can produce a more loyal citizenship. Everyone is coming to contribute to the success of the spirit of liberty and freedom, purchased by the courage and valor of the Boys of 1776. The memory of their deeds will ever live green in the hearts of our people.

The glory and splendor of our bought with the blood of our fore-fathers. All house to the men who gomest the cradle of freedom and the sacred hearthstone of Democracy. Our ancestors found a land uncultivated and cheerless, inhabited by the wild redskip, and turned it into a garden of flowers, while along its shores they kin

dled the camp-fires of eternal progress From the scanty crew of the Mayflower, we have grown to a population of eighty millions; from thirteen colonies, to forty-five states and six territories. The railroad has taken place of the oxcart; the self-binder, the resp hook; telegraphy, the courier; and in everything we have outstripped all previous records.

Universities, colleges and free schools have placed education within the grasp of the humblest of humanity. Through all storms the ship of state

has been proudly and successfully steered. We are the greatest nation on earth. The history of our nation began with the Declaration of Independence Let us keep the flag floating! Liberty and Union, now and forever-one and inseparable!!

Phenomenal Advantages Will San Juan County, New Mexico. enjoy when railroad facilities are afford ed to handle the products of the soil. In no country is such fruit grown, flavor and color, size and growth, are what experts term perfection. In vegetables, hardy and semi-tropical, the growth is products. The present drawback is purely absence of rapid or any transit other than a wagon and as a result hundreds of thousands of pounds of fruit go to waste, as the evaporator and distilleries are not equal to the surplus that finds "no way out". No section on earth is so advantageously located, the area cannot be expanded, the market is ever expanding. The fruit and semi tropical vegetable grower in that sec tion is pratically without competition, he has the advantage of monopoly in production, and a market that is cash, market equal to the product and liberal in price; a section wherein 30,000 people raise no fruit, no tomatoes, no berries no onions that ripen, no corn, nothing that deviates from the extremely hardy, and 10,000 people who raise no pound of food products of any character, absolutely dependent. We allude to San Juan County. Colorado, where a turnip has to hustle to gain table size, Such advantages are to be found no where else on this continent and just wby every available acre in San Juan County, N. M., is not cultivated is due largely to general ignorance of homeseekers as to advantages offered. In brief, there is a cash and ever demand ing market, a soil unequaled as to fertility and water in abundance for all in lain's Stomach and Liver Tablets which way of agriculture and hoticulture. It have helped me very much so that now is the favored spot, the one place where present consumption is in excess of the yield, and where competition finds no Tablets and get well? The Lime creek triangle is the section pointed out plete cure, and he cannot help but feel most likely territory in the immediate vicinity of Silverton to open to prospectors. There large acreages are still available and other conditions are most favorable for successful mining.-Silverton Standard.

> J. Franco Chaves, Superintendent of Public Instruction, has issued a circular calling the attention of county and city superintendents to the requirments of the law regarding the appointment of eachers. Section 1613 of the Compiled Laws of 1897, as amended in 1901, makes attendance at a teachers' Institute or an approved summer school during the year compulsory, and there is an express provision prohibiting county superintendents from issuing a certificate to any person who has not complied with this requirement. The only exception is in case of an excuse approved by the county superintendent and the territoriil board of education. Superintendents t public schools are requested to attend strictly to the enforcement of the law regarding the selection of teachers and report any willful violation of the same in their respective counties and
